### **DETAILED ACTION**

This Office action is in response to the amendment filed July 3, 2006 in which claims 1, 3-5, 15-21 and 31-33 were canceled and claims 6, 9, 10, 12, 13, 22, 25, 26 and 29 were amended.

The 102 rejection over Heuber is withdrawn in view of the amendment canceling those claims.

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 6, 9, 10 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 6 is rejected because the claim sets forth a Markush group for the catalyst and also states that the catalyst comprises a transition metal halide.

Claim 9 is rejected because the claim sets forth a Markush group for the catalyst and also states that the catalyst comprises an iron halide and a second catalyst.

Claim 10 is rejected because the claim sets forth a Markush group for the catalyst and also states that the catalyst comprises a metal chloride.

Claim 12 is rejected because the claim sets forth a Markush group for the catalyst and also states that the catalyst comprises an iron chloride in combination with a second catalyst.

Claims 13, 14 and 22-30 are allowable because the prior art fails to teach the method of decomposing an azide and the composition comprising the azide and catalyst.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
